BRainerd, MINN.

China has ratified the treaty of peace with Japan, and it is hardly to be expected that its terms will be changed at the discretion of Russia or any other European nation.

The British morning drum-beat continues to girdle the world, but the British drummer in Central American republics is packing up his samples and preparing to evacuate.

A dog committed suicide in Chicago the other day. This is the worst how the Windy City has had since Burns connected it so closely with the hot test place in the universe.

Paper stockings are the latest invention for simplifying the household cares of women. "Darning baskets" may now be relegated to the lumber room.

England should make its next two battleships the *Ballif* and the *Constable*. The *Victor* and the *Reed* Agent also would be appropriate, if not too candid.

The point is now made that the armed invasion of Nicaragua by British forces abrogates all the treaties between the two countries. How this will ultimately affect the United States remains to be seen.

Prof. Holden has come to the conclusion that there is no atmosphere and no aqueous vapors on Mars, and consequently no inhabitants. Thus many a pretty speculation is shattered by hard facts.

The Nicaraguan matter simply furnishes another illustration of the fact that England never misses an opportunity to assert her strength when she can do so without danger of having to fight a nation of her own size.

A. J. Blackwell, a rich and eccentric Indian, who owns the cities of Blackwell and Devil City, in the Indian Territory, has decided to build a temple in Devil City to cost \$300,000. He wishes in this way to perpetuate the Indian religion.

The report from Key West that 20,000 more Spanish soldiers for service in Cuba are sent shows the fatality of the recent stories that the insurance was on the point of collapse. Havana has been a distributing center of misinformation ever since the disturbance began.

Great interest is taken in Berlin in the coming exhibition of the presents received by Prince Bismarck in the last twenty-five years. They include the pen with which the treaty of peace was signed between Germany and France in 1871.

New York city's latest census shows that it is likely to pass the 2,000,000 mark before the close of the century. But if the proposed plan of consolidation goes through this year the population of the city would be considerably over 3,000,000, or 1,000,000 more than that of Paris and 250,000 less than London's.

When Turkey finds a correspondent headed for Armenia it gives him a check for \$132 and sends back. The best way in the world to get a war correspondent behind every log is to issue an order excluding them from the lines. But the Sultan's idea is new, and may work in his war chest holds out.

While France is barely holding its population, it seems less disposed than ever to encourage immigration. One measure pending decrees that a naturalized citizen shall not be eligible for office, and his sons and grandsons shall be under the same disability. The measure may not pass, but public sentiment favors the placing of more safeguards around French citizenship.

Some of the Paris papers are beginning to say that the alliance of France with Russia is of service only to the latter country, and that now it has linked France in common action with a country with the slightest prospective advantage to France. This states the case well as far as the outside world can judge.

Russia is moving her warships with a promptness which is only intelligible to those who remember the extensive preparations she is making to populate her Pacific coast territory. When the Siberian railroad is completed the Russian expects to dominate the Northern Pacific. If Japan or any small power gets in the way it will be pushed aside without ceremony.

Queen Victoria, who stopped over at Darmstadt lately to attend the christening of a great-grandson, has had nine children, forty grandchildren and twenty-one great-grandchildren, and of those seventy descendants all are living but nine. At the rate they are picking up thrones the family will have a corner in European royalty in the course of a few years.

As long ago as 1848 certain Texas landholders presented valid claims to the government for property included in a military reservation, and ever since then they have been in litigation. The claimants now get \$100,000, which is only a fraction of the amount originally demanded, and it is safe to say that they have spent more than that in the effort to obtain what justly belongs to them. This is another instance of the difficulty of collecting a debt from the government. But when a man owes the government, he gets no indulgence.

Capt. Philip M. McGriffin of the Chinese navy, who was on the Chinese ship Chen Yuen during the battle of Yalu, says that the Chinese sailors are better men than the Chinese soldiers. They were disciplined and paid good wages, while the soldiers were not well treated and received no pay until they mutinied. This is simply further evidence to show that enlightened soldiers are far superior to ignorant fighters.

James H. Hays, a collector of the west in population as compared with China, but who has cultivated brains and patriotism, and thus made it possible to defeat her numerically superior antagonist.

J. F. Hurley and his son, John, met
with an experience last Tuesday
which they did not care to repeat.
They were at Stony Brook, and in
descending a steep hill the horses ran
away, and in the final wind-up one of
them ran against a tree and dashed
its brains out. The team was owned
by Con. O'Brien.

Louis Vossberg returned home yester-
day afternoon from Brainerd, where
Sunday he played ball with the Brainerd
team in the Brainerd-Pickett
game. He played left field. Vossberg
is highly elated over the good work
done by Billy Phyle of this city, who
pitched for the Brainerd nine. He
struck out 13 men during the game
and made three of the eight hits off
the Pickett pitcher's delivery.—St.
Cloud Journal-Press.

On Sunday afternoon fire was dis-
covered in the rear of the Methodist
church and before it could be put
under control damage was done to
the extent of \$500 or more. The blaze
originated behind a book-case in
which a quantity of matches were
stored and the only theory that can
be advanced for its origin is that mice
must have got into the matches and
set them on fire. There will be no
services on Sunday at this church as
the damage caused by the fire and
water has not been repaired.

The two-year-old boy of Dr. Rob-
erts, of this city, sustained a very bad
fracture of the arm at the elbow by
falling from a chair last evening. The
injury is a very serious one and may
result in permanently crippling the
child.

Win McGuire, deputy sheriff of
Crow Wing county, and Moses Der-
oche, a police officer of Brainerd, were
in the city yesterday on their way
home from a search for some offender
in the vicinity of Mille Laes. They
failed to find their man.—Little Falls

The meetings being held in the
Second Congregational Church in
East Brainerd by Evangelist Davis
have been very successful and the
congregation has increased from
night to night to such an extent that
larger quarters are necessary to ac-
commodate them. There will be
meetings all next week and the pub-
lic is cordially invited to attend. Sat-
urday evening there will be a dona-
tion at the church for the pastor, Rev.
G. F. Morton and a general attend-
ance is asked. There will be preach-
ing Sunday morning at 11 and in the
evening at 8 o'clock.

Youthful Train Wreckers.

Three boys by the names of Joseph,
Fred and Lewis Demos, aged 8, 10
and 12 years, were arrested at the
instance of the Northern Pacific Rail-
road company and brought to this
city on Saturday, charged with at-
tempting to wreck a train near Mot-
ley, in Cass county. The boys were
brought up for examination on Mon-
day, and admitted that they were the
ones who placed the two ties on the
track, claiming that they did it in
order to make the engineer get off and
remove them and make him mad as
he had thrown coal at them. On the
day the affair occurred an engine and
caboose was going over the road and
the engineer, Paul Braden, noticed
something on the track ahead of him
but not in time to stop and struck the
ties when going at the rate of 15 miles
per hour. Luckily the engine was not
derailed, the only damage being the
breaking off of the step on engine
near the cab. The boys are the sons
of E. Demos, and do seem to under-
stand the enormity of their crime.
The examination resulted in binding
them over to the grand jury, and they
will have to remain in jail until the
September term unless their father
succeeds in securing bail in the sum
of \$300 for their release. The crime
is one over which the municipal court
has no jurisdiction, and the lads could
not be sent to the reform school or
reformatory unless convicted of the
offense.

A Lively Runaway.

Last Wednesday afternoon Messrs.
G. L. Pratt, H. D. Powers, and A. A.
Kremer, accompanied by L. E. Lum,
of Brainerd, went over to Pokegama
lake to have a sail and to give Mr.
Lum an opportunity of seeing what a
lovely lake we have at our very doors.
They had a fine sail and a jolly after-
noon of it, but on the return trip when
almost home misfortune overtook
them and it is a wonder that they
escaped with as little injury as they
did. Shortly after they commenced
the descent of the hill on the south
side of the river, by some ill luck the
pole of the buggy fell from the neck
yoke, and the team, which was a lively
one, started to run away, and Arthur
Kremer, who was driving, was power-
less to control them, as they buggy
ran onto their heels. The other occu-
pants of the rig jumped to the ground
and escaped without injury, but when
Mr. Kremer jumped, after he found it
was useless to attempt to control the
team, he was not so fortunate and was
struck on his left side and shoulder,
he dislocated the latter and bruising
him quite badly. He was taken to his
home where Dr. Rosser replaced the
injured shoulder. It will be some
little time before he will have re-
covered entirely from the effects of
the fall.—Grand Rapids Review.

Board of Trade Meeting.

At the meeting of the Board of
Trade on Monday evening the matter
of lending assistance to the enumer-
ators when they are appointed, was
discussed, and the president was in-
structed to appoint two men in each
ward, and since that time the follow-
ing has been announced: First ward—
R. Canby, J. S. Gardner, Second
ward—J. T. Sanborn, A. L. Hoffman,
Third ward—F. S. Parker, Geo. For-
syth, Fourth ward—L. P. Johnson,
I. U. White, Fifth ward—R. H. Paine
and W. Hemstead.

Considerable other business was
transacted and discussed, among
which was the election of a secretary
and the fixing of his salary, the mat-
ter finally being left until the next
regular meeting.

United in Marriage.

Jacob Schilb was united in marriage
on Saturday last to Miss Annie Pear-
son, Rev. L. S. Stapf performing the
ceremony at the home of the new
couple in the Walker block, which had
been previously fitted up for the oc-
casion. The wedding took place in
the afternoon and in the evening a
reception occurred at which a large
number of the friends of the bride
and groom attended, and a very
pleasant time was enjoyed, dancing
and music being indulged in, followed
by a banquet.

Edward Evenson was united in
marriage to Miss Bertha Budke on
Tuesday, Rev. Andre performing the
ceremony.

Suicide at Motley.

A telegram from Motley says that
F. W. Clifford, of that village, com-
mitted suicide at 9 o'clock Wednes-
day morning. He attached a rope to
a rafter in his barn, then stood on a
block and fastened a noose around his
neck with the roped dangle tightly, he
then shot himself through the breast
with a 32-calibre revolver. Death
was almost instantaneous, and when
found he was hanging by the neck.
He has been a resident of Motley for
many years, was aged fifty, and a
member of the G. A. B. He has been
mentally afflicted for some time, and
only recently returned from the Fer-
gus Falls asylum. He was undoubt-
edly insane at the time he took his
life. He leaves a wife to mourn his
death.

J. F. Hurley and his son, John, met with an experience last Tuesday which they do not care to repeat. They were at Stony Brook, and in descending a steep hill the horses ran away, and in the final wind-up one of them ran against a tree and dashed its brains out. The team was owned by C. O'Brien.

Louis Vossberg returned home yesterday afternoon from Brainerd, where Sunday he played ball with the Brainerd team in the Brainerd-Pickett game. He played left field. Vossberg is highly elated over the good work done by Billy Phyle of this city, who pitched for the Brainerd nine. He struck out 14 men during the game and made three of the eight hits off the Pickett pitcher's delivery.—St. Cloud Journal-Press.

On Sunday afternoon fire was discovered in the rear of the Methodist church and before it could be put under control damage was done to the extent of \$500 or more. The blaze originated behind a book-case in which a quantity of matches were stored and the only theory that can be advanced for its origin is that mice must have got into the matches and set them on fire. There will be no services on Sunday at this church as the damage caused by the fire and water has not been repaired.

The two-year-old boy of Dr. Roberts, of this city, sustained a very bad fracture of the arm at the elbow by falling from a chair last evening. The injury is a very serious one and may result in permanently crippling the child.

Win McGuire, deputy sheriff of Crow Wing county, and Moses Dorche, a police officer of Brainerd, were in the city yesterday on their way home from a search for some offender in the vicinity of Mille Lac. They failed to find their man.—Little Falls Transcript.

The meetings being held in the Second Congregational Church in East Brainerd by Evangelist Davis have been very successful and the congregation has increased from night to night to such an extent that larger quarters are necessary to accommodate them. There will be meetings all next week and the public is cordially invited to attend. Saturday evening there will be a donation at the church for the pastor, Rev. G. F. Morton and a general attendance is asked. There will be preaching Sunday morning at 11 and in the evening at 8 o'clock.

Youthful Train Wreckers.
Three boys by the names of Joseph, Fred and Lewis Demos, aged 8, 10 and 12 years, were arrested at the instance of the Northern Pacific Railroad company and brought to this city on Saturday, charged with attempting to wreck a train near Motley, in Cass county. The boys were brought up for examination on Monday, and admitted that they were the ones who placed the two ties on the track, claiming that they did it in order to make the engineer get off and remove them and make him mad as he had thrown coal at them. On the day the affair occurred an engine and caboose was going over the road and the engineer, Paul Braden, noticed something on the track ahead of him but not in time to stop and struck the ties when going at the rate of 15 miles per hour. Luckily the engine was not derailed, the only damage being the breaking off of the step on engine near the cab. The boys are the sons of E. Demos, and do seem to understand the enormity of their crime. The examination resulted in binding them over to the grand jury, and they will have to remain in jail until the September term unless their father succeeds in securing bail in the sum of \$300 for their release. The crime is one over which the municipal court has no jurisdiction, and the lads could not be sent to the reform school or reformatory unless convicted of the offense.

Brainerd Boys Win.
The Brainerd base ball team started the season in last Sunday by defeating the St. Paul Picketts in a very interesting game at Athletic Park, the score being 6 to 7. The game was hotly contested and gave the spectators all the amusement necessary from start to finish. Phyle, of the home team, covered himself with glory, and his pitching and batting was highly commented upon. The pitcher of the visiting team, Larkin, at the beginning of the fifth inning lost his head and sent three men to bases one after the other, while Phyle made a two base hit, bringing two men over the home plate, which tied the score. The double play by Hill to Page to Carroll was the prettiest play ever seen on the diamond in this city, and with Burquin at short, and Phyle and McCarthy at the battery, Brainerd can justly feel proud of the boast that we have the best amateur infield that was ever placed on the diamond. Charley McCarthy did not lose any of the prestige he has gained as a catcher, and his work was good all through the game. Carroll, Page and Hill, the basemen, did excellent work, and in fact, the whole team showed that they could put up a game of ball that will make any amateur team in the state hustle to beat, and Capt. Burquin, who is excellent authority on matters pertaining to base ball, says that his nine will do all that is expected of them this season, and claims that the present team is stronger than last year. Phyle performed the wonderful feat of striking out 12 of the Pickett men, who are claimed to be the best batting team in the state, and are also credited with being one of the best amateur teams in the state, and the Sunday game showed that they had earned the reputation. Larkin, the pitcher, and Clayton, the catcher, did some very clever work, while Emerson, on second base, made several excellent hot grounder stops. The members of both teams, throughout, were in fine form, and the return game, which will be played in St. Paul soon, will be watched with great interest by lovers of this kind of sport.

The inclemency of the weather prevented a great number of people from witnessing the game, but notwithstanding this, there was a good crowd of spectators present, and the Brainerd band furnished music for the occasion.

The members of the home club and those who witnessed the game were somewhat vexed to see so many men who would endeavor to see the game from outside positions, even climbing onto the high board fence. Such things are to be expected from the kid element, but when full grown men resort to such things it is certainly very annoying.

The following is the score by innings:
Brainerd.....0 0 0 0 5 1 0 1 x-7
Picketts.....2 0 0 1 0 3 0 0-6

Earned runs, Brainerd 3, Picketts 2; base hits, Brainerd 7, Picketts 9; two base hits, Phyle, Vossberg and Larkin; double plays, Hill to Page to Carroll; base on balls, off Phyle 2, off Larkin 5; passed balls, by McCarthy 3, by Clayton 5; wild pitches, by Phyle 1, by Larkin 1; left on bases, Brainerd 4, Picketts 2; struck out, by Phyle 12, by Larkin 5; time of game, 2:15; umpire, Bert Parker.

The base ball game advertised to take place at Athletic Park, on Saturday and Sunday, May 18th and 19th, between the St. Anthony Browns, of Minneapolis, and Brainerd nine, has been postponed until a later date.

Notice to Fire Department.

A Lively Runaway.
Last Wednesday afternoon Messrs. C. L. Pratt, H. D. Powers, and A. A. Kremer, accompanied by L. E. Lum, of Brainerd, went over to Pokegama lake to have a sail and to give Mr. Lum an opportunity of seeing what a lovely lake we have at our very doors. They had a fine sail and a jolly afternoon of it, but on the return trip when almost home misfortune overtook them and it is a wonder that they escaped with as little injury as they did. Shortly after they commenced the descent of the hill on the south side of the river, by some ill luck the pole of the buggy fell from the neck yoke, and the team, which was a lively one, started to run away, and Arthur Kremer, who was driving, was powerless to control them, as they buggy ran onto their heels. The other occupants of the rig jumped to the ground and escaped without injury, but when Mr. Kremer jumped, after he found it was useless to attempt to control the team, he was not so fortunate and was quite badly injured. He struck on his left side and shoulder, dislocating the latter and bruising him quite badly. He was taken to his home where Dr. Rosser replaced the injured shoulder. It will be some little time before he will have recovered entirely from the effects of the fall.—Grand Rapids Review.

Board of Trade Meeting.
At the meeting of the Board of Trade on Monday evening the matter of lending assistance to the enumerators when they are appointed, was discussed, and the president was instructed to appoint two men in each ward, and since that time the following has been announced: First ward—R. Caughie, J. S. Gardner. Second ward—J. T. Sanborn, A. L. Hoffman. Third ward—F. S. Parker, Geo. Forsyth. Fourth ward—L. P. Johnson, I. U. White. Fifth ward—R. H. Paine and W. Henstead.

Considerable other business was transacted and discussed, among which was the election of a secretary and the fixing of his salary, the matter finally being left until the next regular meeting.

United in Marriage.
Jacob Schillb was united in marriage on Saturday last to Miss Annie Pearson, Rev. L. S. Stapp performing the ceremony at the home of the new couple in the Walker block, which had been previously fitted up for the occasion. The wedding took place in the afternoon and in the evening a reception occurred at which a large number of the friends of the bride and groom attended, and a very pleasant time was enjoyed, dancing and music being indulged in, followed by a banquet.

Edward Evenson was united in marriage to Miss Bertha Budke on Tuesday, Rev. Andre performing the ceremony.

Suicide at Motley.
A telegram from Motley says that F. W. Clifford, of that village, committed suicide at 9 o'clock Wednesday morning. He attached a rope to a rafter in his barn, then stood on a block and fastened a noose around his neck with the rope drawn tightly, he then shot himself through the breast with a 32-calibre revolver. Death was almost instantaneous, and when found he was hanging by the neck. He has been a resident of Motley for many years, was aged fifty, and a member of the G. A. R. He has been mentally afflicted for some time, and only recently returned from the Fergus Falls asylum. He was undoubtedly insane at the time he took his life. He leaves a wife to mourn his death.

The members of both teams, throughout, were in fine form, and the return game, which will be played in St. Paul soon, will be watched with great interest by lovers of this kind of sport.

The inclemency of the weather prevented a great number of people from witnessing the game, but notwithstanding this, there was a good crowd of spectators present, and the Brainerd band furnished music for the occasion.

The members of the home club and those who witnessed the game were somewhat vexed to see so many men who would endeavor to see the game from outside positions, even climbing onto the high board fence. Such things are to be expected from the kid element, but when full grown men resort to such things it is certainly very annoying.

The following is the score by innings:
Brainerd.....0 0 0 0 5 1 0 1 x-7
Picketts.....2 0 0 1 0 3 0 0-6

Earned runs, Brainerd 3, Picketts 2; base hits, Brainerd 7, Picketts 9; two base hits, Phyle, Vossberg and Larkin; double plays, Hill to Page to Carroll; base on balls, off Phyle 2, off Larkin 5; passed balls, by McCarthy 3, by Clayton 5; wild pitches, by Phyle 1, by Larkin 1; left on bases, Brainerd 4, Picketts 2; struck out, by Phyle 12, by Larkin 5; time of game, 2:15; umpire, Bert Parker.

The base ball game advertised to take place at Athletic Park, on Saturday and Sunday, May 18th and 19th, between the St. Anthony Browns, of Minneapolis, and Brainerd nine, has been postponed until a later date.

Notice to Fire Department.
There will be a special meeting of the Brainerd Fire Department at the Central Hose on Saturday evening, May 18, at 8 o'clock, for the purpose of taking action on the invitation to participate in the parade and attend the exercises on Memorial Day. All members are requested to be present.

Spring Makes Me Tired

As the days grow longer and the sun shines more brightly, many people find themselves feeling more tired than ever. This is because the body is still in a state of winter, and the blood is still in a state of winter. The blood is the life of the body, and it is the blood that makes the body strong and healthy. If the blood is weak, the body will be weak. If the blood is cold, the body will be cold. If the blood is impure, the body will be impure. Therefore, to keep the body strong and healthy, it is necessary to keep the blood strong and healthy. Sarsaparilla is the best blood purifier and blood builder. It makes the blood pure, rich, blood. It gives strength to nerves and muscles because it endows the blood with new powers of nourishment. It creates an appetite, tones and strengthens the stomach and digestive organs and thus builds up the whole system and prepares it to meet the change to warmer weather.

Hood's Sarsaparilla is a medicine, upon which you may depend. It is the only true blood purifier prominently before the public eye today. It has a record of cures unequalled in the history of medicine. It is the medicine of which so many people write, "Hood's Sarsaparilla does all that it is claimed to do." You can take

Don't Have to Swear Off.
 St. Louis Herald of Agriculture in an article on To-To's, the famous tobacco pipe, says that many of the smokers of one, a prominent St. Louis architect and educator for twenty years, had been cured of the habit. "I have smoked this pipe," he said, "and I have never sworn off."
